“

TO EXCEED HIGH PERFORMANCE,  
IT'S THE DETAILS  
WHICH MAKE  
THE DIFFERENCE”

This is MB Wear's winning philosophy, which, using raw materials of the highest quality, creates the latest state-of-the-art products delivering comfort and style as its core strength.

MB Wear footwear distinguishes itself by innovation and technical know-how, granting all athletes the possibility to experience cycling in a revolutionary way.

Smart and instinctive design shows MB Wear footwear's individuality, for you to stand out from the crowd, right when adrenaline kicks in leading you to success.

# TECHNOLOGY AND STYLE

## TECHNICAL HIGHLIGHTS

### 30 GRAMS

Resistance and durability without comparison.

Thanks to silver ions inserted in the knit, the fabric also boasts exceptional antibacterial properties.

### GUARANTEED COMFORT

Ultra-flat seams and inserts, strategically placed on high pressure points of the foot, made of a thin polypropylene layer, soft and elastic to assure total vibration and impact absorbance, give a feeling of absolute comfort even in the harshest conditions.

### COMPRESSION SOCK WITH HEXAGONAL KNIT

The skin is coated with a special hexagonal knit which creates micro perspiration canals for external sweat dispersion to keep the foot warm yet dry.

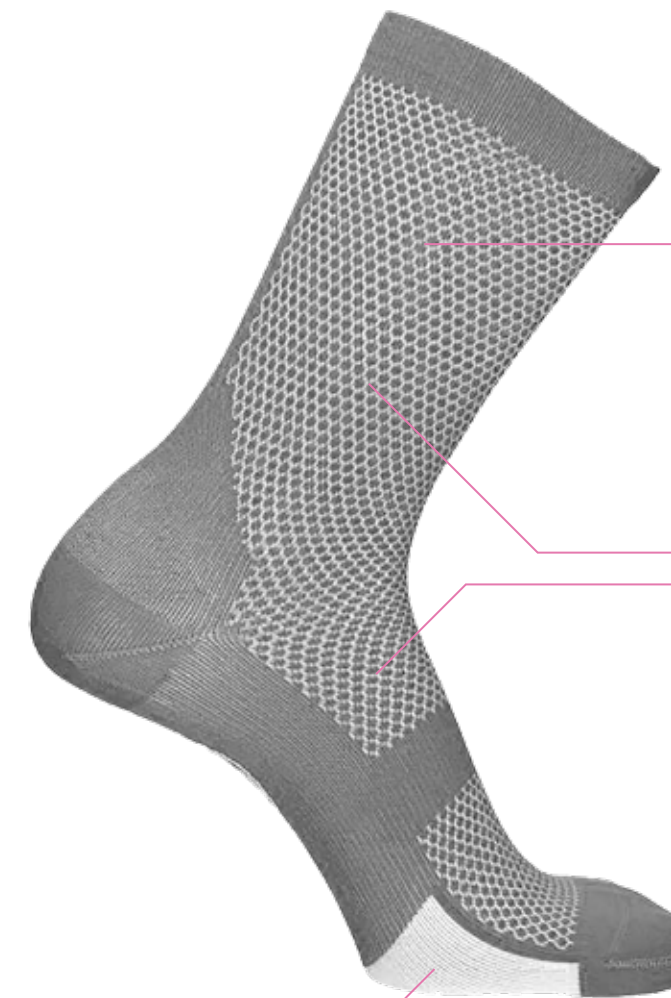

### SPECIFICALLY DEVELOPED THICKNESS

The fabric is thicker around the ankle than around the foot.

Wearable in all weather conditions.

# ARMWARMER

## DESCRIPTION

MB Wear's thermic ARM WARMERS were created with the best fabrics to assure wearability and durability without comparison. Individual anatomic design separates the left and right sleeves. Silicon strips assure perfect grip. But the uniqueness of the product is shown especially through its creative graphics designed by MB Wear.

## FABRIC

Superroubaix®  
86% Polyamide  
14% Elastomere

## MEASUREMENTS
