

E-BIKE DEALER TOUR

If e-bikes are the future of cycling, what do retailers have to say?

Join BRAIN staff on our first-ever e-bike retail tour, **Oct. 7-10**. Enjoy invaluable, candid conversations with more than a dozen dealers on the future of e-bikes and a host of new issues retailers face when stocking, servicing and selling them.

Gold- and Silver-level sponsors will ride e-bikes in Long Beach, Pasadena and Santa Monica to better understand the e-bike experience in a vibrant urban setting .

At the end of three days, sponsors will come away with a more sophisticated understanding of the pros, cons, and issues e-bike sales pose for retailers and suppliers.
