SURFACE TRANSPORTATION BOARD

[Docket No. FD 36363]

CSX Transportation, Inc.—Corporate Family Merger Exemption—The Home Avenue Rail-Road Company

CSX Transportation, Inc. (CSXT), a Class I carrier, and The Home Avenue Rail-Road Company (HARR) (collectively, the Parties) have filed a verified notice of exemption for an intra-corporate family transaction under 49 CFR 1180.2(d)(3). CSXT directly controls and operates HARR. HARR owns approximately 2.9 miles of railroad and 3.99 miles of yard switching track in the State of Ohio. Under the proposed transaction, HARR will be merged into CSXT with CSXT as the surviving corporate entity.¹

The Parties state that the purpose of the transaction is to simplify the corporate structure and reduce overhead costs. According to the Parties, the transaction will reduce corporate overhead and duplication by eliminating one corporation, while retaining the same assets to serve customers, and will allow CSXT to obtain various savings.

Unless stayed, the exemption will be effective on December 15, 2019 (30 days after the verified notice was filed). The Parties state that they intend to consummate the proposed transaction on or after that date.

The Parties state that the transaction will not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with carriers outside the corporate family. Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323. See 49 CFR 1180.2(d)(3).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. As a condition to the use of this exemption, any employees adversely affected by this transaction will be protected by the conditions set forth in *New York Dock Railway—Control—Brooklyn Eastern District Terminal*, 360 I.C.C. 60 (1979).

¹ An executed copy of the agreement and plan of merger was filed on November 15, 2019, to replace the draft agreement attached to the verified notice of exemption.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than December 6, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36363, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Louis E. Gitomer, Esq., Law Offices of Louis E. Gitomer, LLC, 600 Baltimore Avenue, Suite 301, Towson, MD 21204.

According to the Parties, this action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Board decisions and notices are available at www.stb.gov.

Decided: November 25, 2019.

By the Board, Allison C. Davis, Director, Office of Proceedings.

Eden Besera,
Clearance Clerk.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions.

SUMMARY: In September 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific

products. This notice announces the U.S. Trade Representative's determination to grant certain exclusion requests specified in the Annex to this notice.

DATES: The product exclusions announced in this notice will apply as of the September 24, 2018, effective date of the \$200 billion action, to August 7, 2020.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395-5725. For specific questions on customs classification or implementation of the product exclusions identified in the annex to this notice, contact traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FRN 38717 (August 7, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49591 (September 20, 2019), 84 FR 57803 (October 28, 2019), and 84 FR 61674 (November 13, 2019).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$200 billion. See 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. See 84 FR 20459. On June 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders can request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$200 billion action from the additional duties. See 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish it from other products within the relevant 8-digit subheading covered by the \$200 billion action. Requestors also had to provide the 10-digit subheading

of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to "Made in China 2025" or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the \$200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative periodically would announce decisions. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. See 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September, October, and November 2019. See 84 FR 49591, 84 FR 57803, and 84 FR 61674. The Office of the United States Trade Representative (USTR) regularly updates the status of each pending request on the USTR Exclusions Portal at <https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005>.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set out in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The U.S. Trade Representative's determination also takes into account advice from advisory committees and

any public comments on the pertinent exclusion requests.

As set out in the Annex, the exclusions are reflected in 32 specially prepared product descriptions, which cover 39 separate exclusion requests.

In accordance with the June 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the product descriptions in the Annex, and not by the product descriptions set out in any particular request for exclusion.

Paragraph A, subparagraphs (3)–(5) are conforming amendments to the HTSUS reflecting the modification made by the Annex.

Paragraph B, subparagraph (1) is a typographical correction of U.S. note 20(l)(23) to subchapter III of chapter 99 of the HTSUS that modifies the unit of measurement published in the annex to the notice published at 84 FR 57803 (October 28, 2019). Paragraph B, subparagraphs (2)–(5), make conforming amendments to note 20(g) published at 83 FR 47974 (September 21, 2019), note 20(l) published at 84 FR 57803 (October 28, 2019), note 20(mm) published at 84 FR 61674 (November 13, 2019), and heading 9903.88.04 of the HTSUS published at 83 FR 47974 (September 21, 2019).

As stated in the September 20, 2019 notice, the exclusions will apply from September 24, 2018, to August 7, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,

General Counsel, Office of the U.S. Trade Representative.
