

Press release

Seymour, Conn., Nov 8, 2022

For immediate release:

SAFETY RECALL
NHTSA ID: 22E-091

Thule Group initiates recall in partnership with NHTSA and Health Canada of the Thule Camber 2 bike, 905800, Thule Camber 4 bike, 905600, and Thule Range 4 bike, 905700, carriers within an affected manufacturing date code range.

At the Thule Group we take quality very seriously and product safety is our top priority. We have determined that when the bike carrier is in use a weld on the arm assembly can crack and fail. There is a risk that bike carrier arm assembly may become detached from the bike carrier if the safety strap or locking cable is not used. This could cause a vehicle crash or injure nearby pedestrians

Consumers should immediately stop using the recalled products and contact Thule Group to arrange for the return of the bike carrier assembly and register for a refund or a replacement bike mast assembly, free of charge.

Affected Thule Camber 2 bike, Thule Camber 4 bike and Thule Range 4 bike carriers are only models that have been manufactured between the following date codes:

Thule Range (905700) –	Date code 05/02/22 through 07/26/22
Thule Camber 2 Bike (905800) –	Date code 04/14/22 through 06/23/22
Thule Camber 4 bike (905600) –	Date code 03/31/22 through 06/23/22

Only products affected:

Thule Camber 2 bike: 905800

Thule Camber 4 bike: 905600

Thule Range 4 bike: 905700

What should you do with your recalled bike carrier?

You should stop using the product immediately. Confirm that your bike carrier falls within the recall population. Once confirmed, please visit the Thule Group website (www.thule.com/rangecamber22recall) to arrange for a return of your existing bike arm assembly and to register for a replacement bike mast assembly. Please be advised that you will not be charged anything in connection with this recall. If you have incurred any cost for remedies in advance of this notice, please contact Thule Group for reimbursement. Reasonable supporting documentation will be requested. If you have

any questions, please do not hesitate to visit www.thule.com/rangecamber22recall or contact Thule Group's customer service department at **(888) 290-1266**.
